

# Have you heard the new way to score? Meet Score Protection

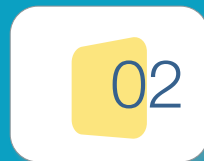

Partners Score Protection allows users to merge scores across different credit reports, pulled for the same borrower.

Reports pulled within 30 days of each other can be merged with this game-changing tool. Score Protection is available now!

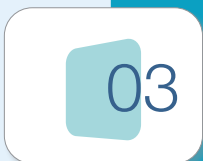

## A New Starting Point

In the Report Center, locate the borrower's report followed by the Score Protection option.

## Clear and Clean

The Score Protection tool will display details from the starting report and bureau scores from each report listed.

## One and Done

Select a report and available bureau for merging into the starting report.

**Monday – Friday, 8:00 AM to 7:00 PM Central**
